By Dr Yachter, October 12, 2015

Hi,

Anybody who I've ever met is terrified of being told by a doctor that they have cancer. The problem is that by the time they hear the 'C' word it's usually too late and death is imminent. Many times our loved ones never stand a fighting chance since this deadly killer had been growing silently for years, with no signs or warning signals until it was too late.

Cancer can be likened to termites in the way that it slowly and insidiously eats away at your vital organs, bones and many times brain. Many of these cancer victims are described by their friends and family as the 'PICTURE OF HEALTH'. Your beautiful house looks good on the outside, all the while termites have literally destroyed it's very core and it's now moments away from collapse.

In the last 30 years the global cancer burden has doubled, and is estimated to nearly triple by 2030. We must begin to take cancer prevention seriously. 1,638,910 people will be diagnosed with cancer this year alone. 33% of these individuals will fall victim to this RUTHLESS DESTROYER of health, life and the pursuit of happiness.

Did you know that most people actually ignore the very symptoms that, if listened to, could potentially save their lives? They are often ignored because doctors never educate their patients as to what a cancer symptom actually looks like.

Some of the ignored early symptoms are:

1. Frequent fevers or infections
2. Wheezing or shortness of breath
3. Swallowing problems or hoarseness
4. Unexplained weight loss
5. Bowel problems
6. Changes in fingernails

7. Chronic heartburn

8. Unusually heavy or painful periods or bleeding between periods.

Your body could be talking to you and warning you of danger. Don't make the costly mistake of not listening.

However, whether or not you're experiencing any of the above symptoms, you need to register now to come to The Women's Wellness Workshop!

The Women's Wellness Workshop!

November 14, 2015

Location: Century Gardens

Time: 9am – 12pm

Registration: 8:30 am

Tickets Cost:

\$15 (before November 1, 2015)

\$20 (November 1 – November 12, 2015)

\$25 (At door – only if space is available!)
